Route :

Depart Yatala Pies, head around roundabout (right) and west on Stanmore Road. This eventually becomes one lane. Continue to the Beaudesert to Beenleigh Road 'T' Junction, just over the bridge (7km). Turn left. Follow road to the main roundabout at Tamborine Village. Head straight through this as if heading to Beaudesert.

Head west 3km to Mundoolun Connection Road (for Canungra). Turn left. Follow road south to Canungra. Pass through town and continue towards Nerang.

After around 12km, and just after Henri Robert Drive (on left), you cross over a bridge over the Coomera River. Just after this pass Riverglen Court, the entry to the Historic Rivermill being 100 metres further on. It has signage. Turn left and head down the driveway to the parking area on the left.

After lunch, proceed back onto the main road and turn left. You can either head back to Nerang to join the M1 or use the back road via Maudsland to join it at Oxenford.

To return via Maudsland, travel 3.7km towards Nerang and turn left onto Maudsland Road. Follow this through to Oxenford where it joins the road from Tamborine Mountain. Follow the signs through the M1 connection to Brisbane.
